Axis, X
Height (m)
Centre X offset from own axis at bottom (mm)
Area centroid (used): lean 36 mm
Plain least squares: lean 45 mm
Reused mill fit: lean 58 mm
Axis, Y
Centre Y offset from own axis at bottom (mm)
Centre disagreement vs ovality (r = 0.87)
Reused fit − area centroid (mm)
Out-of-roundness of slice (%)
